THE KING'S ARMOR COLLECTION is a variety of arms and armor from throughout the United States. This collection features one-of-a-kind reproduction pieces representing the Renaissance and Medieval Eras. The weaponry created by craftsmen will bring to life the bravado and majesty of a past era. This traveling exhibit will next appear with its sister exhibit, THE RENAISSANCE OF DOLLS COLLECTION, at The John and Mable Ringling Museum located at the Art Medieval Fair in Sarasota, Florida. The King and Queen are always interested in adding to their collections. Craft persons, artists and collectors are welcome to submit items on loan, which will be shown around the realm for the next two years. For more information on the collection or the artists who created these works, contact Janell Stevens or Norma Jurek at Mid-America Festival, 612-445-7361.
