NOTE TO CRAFTERS

To those who have expressed concern about the sale of Renaissance mugs and goblets in the Museum...

Our goal is to facilitate the requests of our customers without compromising the integrity of the Museum. Plans are being made now to improve the display of our museum pieces and provide a facility worthy of the CAP and Master craftspeople, which we hope will stimulate the interest of our customers in all crafts available at the Minnesota Renaissance Festival.

We sincerely appreciate your concern and input on this and any other matters.

GLENN BAIRD, General Manager

JOHN COINER, #730, has goods from S.E. Asia for sale. Items include silks, cotton scarfs, gem stones, saris, and sari edgings.

SHARON CRYSTAL, #646-650, needs a driver for her van to CA and fly back courtesy of Crystal Airlines. See Sharon for details.

ROBERT HAGEN, aka "Hagen", Bert, Bob, et al, is quite ill. We want to send him a get well card. If you want to sign it, please stop by the Hall of Masters (by "The Bear") and sign it.

At the end of the season comes into sight, it's time for a few reminders:

- 1) Don't let down on your energy or efforts.
- 2) Don't add inappropriate material into your off-season.
- 3) Do your off-season, please let us know if you move or your telephone number changes.
- 4) Be expecting a card meeting in May which you will be invited to. You haven't gotten any information on it by early May.

CRAFT NOTES BY B. MONTGOMERY

Is it possible that this is the sixth weekend? I haven't made enough money. But is there such a thing as enough money? I have always believed that one cannot be too rich nor too thin.

HALL OF MASTERS SCHEDULE:
SEPT. 21-22: Sculpture/2-Dimensional
SEPT. 28-29: Wood

Over the years of working at the Renaissance Festival, I have noticed that my children enjoy the fair more and more as they grow older. In the beginning years when the children were 8 and younger, they were bored and hungry. When we decided to build a new shop, Greg and I discussed more room for the children to spend their time. So they are now 12-14. This year, I probably will see the children there more often. They will be hungry, of course. And they enjoy the show reasons. They have made new friends, both from the fair and from the neighborhood. It will be a large number of participants who are kind to children. We, as parents, are very appreciative of these people.

I am sure the children will have fond memories of the years they spent at the Renaissance, not only has the fair given them something to do, but their parents, but their experiences at the fair may affect them in how they deal with other people in their lives. Since they have been treated well, I suspect they will do their best to make the fair a good forward to Renaissance days so much each year.

ROGER AND CAROLINE ABE have received in the mail a letter from Bob and Susan GLIMAN observed that Bob may be making some changes in the way the fair runs. Coko because it is being sold or dirt, dust, and yuck--it can't be seen.

Did you know that a single fly lays 30,000 eggs a year? The average fly lives on no more than a married fly day.

SOMRA MESSIG (of Wizard Wax Works, #206) has a really nice pair of footclogs necessary. They are worn very little. Woman's Size 8 1/2 or man's size 6-7. Stop to see them.

SHOP FOR SALE: Dragon Glass #135-136. See **DAVID WAGNER** for details.

MATASHA THEIR exhibited a lovely 3-piece antique outfit last weekend at the Hall of Masters. The outfit was made of silk, morning, asked about it, and was referred to Matasha's shop. They brought ourfit and Matasha had to replace it at ourfall of Masters. Double exposures is well known to the Hall of Masters on the Hall of Masters on your designated weekend. If you did not do it this year, plan now to do it next year for sure.

SAFETY SERVICES did us a great service last week by apprehending some shoplifters. The thieves had collected a good deal of merchandise by the time they were spotted. They were very polite and cooperative. They followed the thieves for some time and finally caught them in the act, with the help of the Scott County Sheriffs. The thieves had been in the truck when the truck was arrested. The truck was stolen. Many were not aware they had lost you!

A person by the name of **CHRYL D. NELSON** from Removille has been passing bad checks. Unfortunately, we cannot determine "bad" checks will go to the bank after the weekend. The last name I have come upon, be wary. A pox on her.

Some of you accepted Canadian currency last week. Remember, it is only 73¢ to one dollar.

I have really appreciated the monitors that have been set up. Please let me know if it hasn't always been true in the past.

I have seen and chatted with each one as they do their job in my area. I have found them to be helpful, friendly, coherent, and willing to take any questions you would find to her liking. Thanks, **MONITORS**, for doing such a wonderful job.

FOLKLORE SALE: Old time wood and glass counter-top chairs are available. The furniture is 2' x 4'. See **DENNY WILSON** at Scott County's Alchemy Shop #725, east side of the Narrow Market.
