

New Parking Rules for 2009 Festival Season

EFFECTIVE Saturday September 5, 2009

Why:

As most of you are aware mining activities of the property owners have resulted in the necessity to establish a new parking area to replace spots that have been lost. Change is always challenging. We have created a new Participant Quarry Parking area which we believe provides the best short-term and long-term resolution to our parking issues. We will "tweak" the process as we move forward this season and desire to hear constructive suggestions you may have. We look forward to working with all of you to make 2009 an enjoyable and successful season.

General Info:

1. Everyone must put their parking pass in their windshield on the driver's side.
2. All Participants obtaining a pink parking pass must register their name, site location, vehicle information and license plate numbers(s).
3. Participant parking will now be located in the Quarry (the mining area located West of gate C)
4. Everyone with either a Green Parking Pass or an Orange Parking Passes will be impacted.
5. A special Pink Parking Pass will be issued to people with medical conditions or other special circumstances (distributed by your Department Heads)
6. We will have adequate staff and signage to facilitate this transition.

How this will Work:

1. All Participants will be required to enter the grounds through HWY 41. This will now be turned into a Participant Entrance only.
2. We would encourage all of you to arrive earlier.
3. There will be a Parking Attendant and Safety Service person at the new Participant Quarry Parking entrance checking your parking pass and will guide you in the correct direction.
4. Those participants with a Green On-site Driving Passes will be allowed to drop off whatever they need to on site, but then will be directed to the Participant Quarry Parking area to park.
5. Once you are parked in the Participant Quarry Parking area, there will be a shuttle busses to bring you up by the C-gate entrance.
6. These shuttle busses will run from 6am - 10am, 1pm - 3pm and 6pm - 10pm during the days we are open.
7. A warning signal will sound 15 minutes signaling the last bus pickup before 10pm.
8. All Participants parking will be located in this new Participant Quarry Parking area and participants will **not** be allowed to park in the main lot or in a specialized parking lot without prior approval.
9. All vehicles must be out of the Participant Quarry Parking area before Midnight on Sunday Nights each night.
10. A Safety Service Staff Person will be available to accompany any person to their vehicle that does not feel safe after these hours.
11. Vehicles may be towed for not adhering to the new parking regulations. You will be responsible for all towing costs.
12. As in the past we are not responsible for your vehicle or for any contents left in your vehicle.
